

SIRENETTA 300

The SIRENETTA 300 is a mini kayak which has been conceived with the purpose of introducing youngsters to the pleasures of the paddle, but which, when necessary, may be used by adults. The length has been maintained within certain limits in order to allow its construction with a single 310 cm

sheet of marine plywood, so as to avoid joints. The flat bottom and the reasonably large beam make it safe and suitable for beginner canoeists. The bottom has a moderate rocker so as to reach a compromise between manoeuvrability and stability of course.

hull	ROUND OR CHINE		
skills requested			
chine hull	NO EXPERIENCE	length OA	m 3,01
rounded hull	LITTLE EXPERIENCE	deck beam	
construction method		chine hull	m 0,70
chine hull	STITCH AND GLUE	rounded hull	m 0,69
rounded hull	STRIP PLANKING	displacement	kg 12
